C# .NET/Core Software Developer

Buyers Products company, a leading manufacturer in the work truck industry, is searching for a detail-oriented, motivated professional to join our Business Intelligence team as a Software Developer. This role will work with a team designing internal and external applications using Angular, C# .NET/Core and MS SQL. Help support and enhance existing applications as well as other business systems.

Requirements:

- C# .Net/Core Programming Experience
- Modern Angular
- Web Service / Web API's
- MS SQL Querying and Stored Procedures
- Typescript/JavaScript

Pluses:

- JSON / XML
- Other Web Frameworks

Education and Experience:

- Bachelor's Degree in Computer Science or other technical field
- 2+ years development experience

Communication Skills:

- Excellent oral and written skills
- Ability to work effectively with changing priorities in a dynamic environment
- Detail-oriented with strong analytical and problem-solving skills
- Comfortable interfacing with a broad spectrum of users

Physical Requirements and Work Environment:

- Mobility and dexterity to move around office setting including accessing file cabinets or storage and navigating to different workstations.
- Must be able to remain stationary for extended periods of time and engage in some repetitive motion.
- Standing, walking and sitting for extended periods of time.

About Buyers Products Company

Established in 1946, Buyers Products Company has grown to become a leading manufacturer in the work truck industry. Buyers Products specializes in durable truck boxes, heavy duty towing equipment, hydraulics, controls, and all-season trailer accessories. The Buyers line of snow and ice equipment includes SnowDogg® snowplows, SaltDogg® spreaders, and ScoopDogg snow pushers.
